- B. Side Yard: There shall be a side yard on each side of the building having a width of not less than ten feet except as hereinafter provided in Section 5.08 of this Chapter.
- C. Rear Yard: There shall be a rear yard having a depth of not less than 35 feet except as hereinafter provided in Section 5.08 of this Chapter.
- D. Double Frontage: Where lots have a double frontage, the required front yard shall be provided on both streets.
- E. Corner Lots: Where a lot is located at the intersection of two or more streets, there shall be a front yard on each street side of a corner lot. No accessory building shall project beyond the front yard line on either street.

5.07 INTENSITY OF USE:

Every lot or tract of land shall have a minimum of 100 feet at the building line and an area of not less than 20,000 square feet except that all corner lots shall have 30,000 square feet with a minimum dimension on either side facing either street of 150 feet.

5.08 OTHER DEVELOPMENT CONTROLS:

- A. Single family dwellings may be increased in height by not more than ten feet when the side and rear yard are increased over the yard requirements of the District in which they are located by not less than ten feet, but they shall not exceed three stories in height.
- B. Church spires, domes, flagpoles, aerials, chimneys, belfries, monuments, water towers, or necessary mechanical appurtenances may be erected to a lawful and safe height.
- C. Accessory structures not otherwise specifically regulated herein shall be limited to the rear yard area.
- D. Accessory buildings which are to be used for storage purposes only may be erected upon a lot concurrent with the construction of the main building.
- E. Every part of a required yard shall be open to the sky unobstructed, except for accessory building in a rear yard, and except for the ordinary projections of chimneys, skylights, sills, belt courses cornices and ornamental features projecting not to exceed 30 inches.
- F. Terraces, porches, platforms and ornamental features which do not extend more than three feet above the floor level of the ground (first) story may project into the front required yard no more than five feet, provided these projections be distant at least three feet from the adjacent side lot line.

- G. The parking of one transportable structure or vehicle other than a motor vehicle is permitted which meets the following requirements:
 - 1. For recreation only and not for hire or gain;
 - 2. For use off of the property;
 - 3. Not to be inhabited while on the property;
 - 4. Owned legally by the occupant of the property;
 - 5. Not to be parked forward of the front house line;
 - 6. Not to be parked within 10 feet of a property line; and
 - 7. Must be re-licensed within 90 days of expiration of previous licenses.

- H. No outdoor storage of any material (usable or waste) shall be permitted in this zone except within enclosed containers.

- I. All roadway, street, parking lot, and walkway lights shall be shielded so that substantially all the directly emitted light falls within the property line.

- J. When 40% or more of the frontage on the same side of the street within the same block, but not exceeding 200 feet in distance, is improved with buildings that have observed a front yard line having a variation in depth of not more than six feet, no building shall project beyond the average front yard so established, but this regulation shall not be interpreted to require a front yard of more than 50 feet nor to permit a front yard of less than ten feet.
