Curbside Brush Pickup from Major Storm Event

Due to the significant storm event that occurred in parts of Miami Township on July 6th, the Township Service Department will begin limited curbside brush pickup. Due to the large volume involved and the time required to get back to normal, weekly duties of the Service Department, the curbside pickup will occur in those neighborhoods that had the storm damage and is not intended for general pruning of trees that residents may take advantage of in other parts of the Township. The areas of the Township that will receive the brush pickup will be the neighborhoods along the Branch Hill-Guinea Pike corridor as far north as approximately the Belle Meade neighborhood, to the east as far as the State Route 48/Smith Road area and extending down to SR 28. The areas impacted that will have curbside brush pickup are shown approximately in the area in red on the map, below.

The items will be limited to only tree limbs and brush, not construction materials or trash. Property owners will need to have the brush placed along the edge of the road or back of curb outside of any lanes of travel.

As always, all Township residents may also utilize the Township's brush voucher program by picking up free brush vouchers at the Miami Township Civic Center or the Miami Township Police Department and then drop off tree limbs and brush at the Bzak Landscaping located at 931 Round Bottom Road.

For additional information, please contact the Service Department at 513-248-3728 or the Township Administration at 513-248-3725.
