OFFICE OF THE ADMINISTRATOR

TO:	Board of Trustees
CC:	Eric Ferry, Fiscal Officer
FROM:	Steve Kelly, Township Administrator
DATE:	November 9, 2026
SUBJECT:	Villas at Meadowside Tax Increment Financing Districts

---

We have been working with the Clermont County Port Authority and our bond counsel to form two tax increment financing (TIF) districts for the new Villas at Meadowside development in order to capture property tax dollars that will be used for public infrastructure improvements. The TIF revenue will allow for expansion of the sanitary sewer along Deerfield Road that will not only support this new development, but additional phases of other residential developments in the area. Additionally, TIF funds would be able to be directed to capital improvements in our community parks, especially Miami Meadows since this development abuts the park.

Attached for your review and consideration are the TIF agreements for both districts, as well as TIF revenue projections for the various phases of this development. The Milford Exempted Village School District was consulted as part of the development of this agreement and raised no objections.

RECOMMENDATION

1) Make a motion to approve Resolution 2026-46 declaring improvements to parcels of real property located in Miami Township, Ohio, to be a public purpose under Section 5709.73(C) of the Ohio Revised Code, exempting such improvements from real property taxation, authorizing the execution of such documents as may be necessary, and establishing a tax increment equivalent fund, dispensing with a second reading and declaring an emergency.
2) Make a motion to approve Resolution 2026-47 declaring improvements to parcels of real property located in Miami Township, Ohio, to be a public purpose under Section 5709.73(C) of the Ohio Revised Code, exempting such improvements from real property taxation, authorizing the execution of such documents as may be necessary, and establishing a tax increment equivalent fund, dispensing with a second reading and declaring an emergency.

Re: Granting of Tax Increment Financing Exemption by Miami Township, Ohio

Dear Members of the Milford Exempted Village School Board:

This serves as notice that the Board of Trustees (the "Board") of Miami Township, Ohio (the "Township") intends to consider the adoption of a resolution (the "Proposed Resolution") granting real property tax increment financing exemptions ("TIF Exemption"). The Board will have a first reading on the Proposed Resolution on November 9, 2026, at 4 p.m., with a second reading and consideration for adoption on November 17, 2026 at 7 p.m. All meetings will be held at Miami Township Administration Building, 6101 Meijer Drive, Miami Township, Ohio 45150.

The property to be exempted is defined as parcels of land described in Exhibit A attached hereto (the "TIF Site"). The Proposed Resolution will grant the TIF Exemption and declare public and private improvements to the TIF Site to be a public purpose under Section 5709.73(C) of the Ohio Revised Code, exempting such improvements from taxation.

The public improvements will consist of all or a portion of the following: the planning, design and construction of public street improvements including pavements, hike/bike paths, walkways, street lighting, traffic control devices and alterations to existing streets; the planning, design and construction of utilities including but not limited to water, sanitary sewers, gas mains, electric facilities, communication facilities, storm water sewers and detention facilities; the creation or enhancement of parks, recreation areas or facilities and open areas necessary for ensuring the compatibility of adjacent land uses; the installation of landscaping, retaining walls, and public amenities; the construction of or improvement of safety service facilities; and the purchase of property rights of way and easements or other rights in property necessary for the completion of the public improvements listed above; and other necessary infrastructure improvements that benefit the TIF Site (see the attached Proposed Resolution). The estimated true value of initial sanitary sewer public improvements is approximately $1,300,000. These public improvements are necessary to support the development of the TIF Site as the existing infrastructure is inadequate to support the development of the TIF Site.

The private improvements will be exempted from taxation for the purposes of collecting service payments in lieu of taxes from property owners to pay for the public improvements as listed above. The private improvements will consist of residential townhomes. The estimated aggregate true value of the private improvements is approximately $55,875,000.

The value of seventy-five percent (75%) of the Improvements would be exempted from taxation for a period of up to ten (10) years.

You are invited to comment in advance of the meetings or attend the meetings regarding the proposed exemption. A Draft copy of the Proposed Resolution is attached. If you have any questions prior to the meeting, please feel free to contact me at the below referenced telephone number.

Sincerely,

Stephen Kelly
Township Administrator / Public Safety Director

Re: Granting of Tax Increment Financing Exemption by Miami Township, Ohio

Dear Mr. Rabe:

This serves as notice that the Board of Trustees (the "Board") of Miami Township, Ohio (the "Township") intends to consider the adoption of a resolution (the "Proposed Resolution") granting real property tax increment financing exemptions ("TIF Exemption"). The Board will have a first reading on the Proposed Resolution on November 9, 2026, at 4 p.m., with a second reading and consideration for adoption on November 17, 2026 at 7 p.m. All meetings will be held at Miami Township Administration Building, 6101 Meijer Drive, Miami Township, Ohio 45150.

The property to be exempted is defined as parcels of land described in Exhibit A attached hereto (the "TIF Site"). The Proposed Resolution will grant the TIF Exemption and declare public and private improvements to the TIF Site to be a public purpose under Section 5709.73(C) of the Ohio Revised Code, exempting such improvements from taxation.

The public improvements will consist of all or a portion of the following: the planning, design and construction of public street improvements including pavements, hike/bike paths, walkways, street lighting, traffic control devices and alterations to existing streets; the planning, design and construction of utilities including but not limited to water, sanitary sewers, gas mains, electric facilities, communication facilities, storm water sewers and detention facilities; the creation or enhancement of parks, recreation areas or facilities and open areas necessary for ensuring the compatibility of adjacent land uses; the installation of landscaping, retaining walls, and public amenities; the construction of or improvement of safety service facilities; and the purchase of property rights of way and easements or other rights in property necessary for the completion of the public improvements listed above; and other necessary infrastructure improvements that benefit the TIF Site (see the attached Proposed Resolution). The estimated true value of initial sanitary sewer public improvements is approximately $1,300,000. These public improvements are necessary to support the development of the TIF Site as the existing infrastructure is inadequate to support the development of the TIF Site.

The private improvements will be exempted from taxation for the purposes of collecting service payments in lieu of taxes from property owners to pay for the public improvements as listed above. The private improvements will consist of residential townhomes. The estimated aggregate true value of the private improvements is approximately $55,875,000.

The value of seventy-five percent (75%) of the Improvements would be exempted from taxation for a period of up to ten (10) years.

You are invited to comment in advance of the meetings or attend the meetings regarding the proposed exemption. A Draft copy of the Proposed Resolution is attached. If you have any questions prior to the meeting, please feel free to contact me at the below referenced telephone number.

Sincerely,

Stephen Kelly
Township Administrator / Public Safety Director

OFFICIAL MEMO
OFFICE OF THE ADMINISTRATOR

TO:	Board of Trustees
CC:	Eric Ferry, Fiscal Officer
FROM:	Steve Kelly, Township Administrator
DATE:	November 9, 2026
SUBJECT:	Finance Office Technology request

The Finance Department is requesting approval to purchase technology equipment for the Finance Department in the amount of $4,777.64 from CDW-Government.

This purchase includes:

- One new computer and monitors for the new Finance Associate position
- One new computer for the Finance Director
- Two docking stations
- One printer for Payroll

The computer, monitors, and printer for the Finance Associate represent new assets needed to support the recently added position and ensure efficient and confidential departmental operations.

The computer for the Finance Director is a replacement asset. The current device is experiencing ongoing hardware issues related to a malfunctioning port. Our IT provider has evaluated the equipment and determined that the issue cannot be effectively repaired, making replacement the most practical solution to maintain productivity and reliability.

RECOMMENDATION
Make a motion to approve the Finance Department's request to purchase new technology equipment from CDW-Government at a cost not to exceed $4,777.64.

OFFICIAL MEMO

FIRE AND EMS

TO:	Board of Trustees
CC:	Eric Ferry, Fiscal Officer Steve Kelly, Township Administrator
FROM:	David Jetter, Fire Chief
DATE:	November 9, 2026
SUBJECT:	ESO Record Management System

REQUEST

The fire department requests approval to contract with ESO as the department's new Records Management System (RMS) vendor.

The department's current Records Management System is not compatible with the Clermont County Communications Center Computer-Aided Dispatch (CAD) system through an integrated interface. As a result, personnel must manually enter multiple incident data elements into the RMS for each response. With more than 7,600 incidents annually, this creates a significant administrative burden, duplicates data entry, and increases the potential for errors.

The department has researched and evaluated several RMS vendors and identified ESO as the preferred solution. ESO is fully integrated with the CAD system, allowing incident information to be transferred directly into the records management system. This integration will significantly reduce manual data entry, improve data accuracy, and streamline incident reporting.

Additionally, the nationwide implementation of the National Emergency Response Information System (NERIS), effective January 1, 2027, establishes new expectations for standardized fire and emergency incident reporting. Accurate, complete, and timely incident data will be essential to meeting federal reporting requirements and demonstrating the department's eligibility and need for future federal grant opportunities.

Because our current Records Management System is not authorized to integrate with the CAD system used by the Clermont County Communications Center, we will be unable to achieve the automated data sharing and reporting needed to fully comply with NERIS requirements when the system is activated.

To address this issue, we need approval to transition to ESO to allow sufficient time for implementation and configuration before the January 1, 2027 deadline.

COST
The cost of the ESO Records Management System includes the one-time implementation fee and associated training expenses.

ESO's annual billing cycle begins on March 15 each year. With implementation scheduled for January 1, 2027, the initial cost will be $45,101.70, consisting of the following:

- Annual Cost $31,127.69
- One-Time Implementation and Training Fees.....$3,684.49
- Prorated Subscription (January 1-March 15, 2027).....$10,289.53

Beginning with the March 15, 2027, billing cycle, the department will transition to the standard annual subscription rate of $31,127.69, subject to any future adjustments.

The department will fund this expense through existing EMS billing revenue via a pass-through payment arrangement with Medicount Management. Under this arrangement:

- The RMS expense will be deducted from the department's EMS billing revenue.
- Medicount will remit payment directly to ESO on behalf of the department.

This request will be presented for final approval at the upcoming business meeting.

OFFICE OF THE ADMINISTRATOR

TO:	Board of Trustees
CC:	Eric Ferry, Fiscal Officer
FROM:	Maura Gray Finance Director
DATE:	November 9, 2026
SUBJECT:	OPERS Conversion Plan

For many years, Miami Township has adopted an annual conversion plan that permits employees to convert unused vacation, sick or personal leave into earnable salary. The Ohio Public Employees Retirement System (OPERS) must approve Annual Conversion Plans for earnable salary purposes prior to the issuance of such payments. Each calendar year, by March 31, or prior to any conversion payments being made to employees, employers are required to remit to OPERS all active conversion plans which they intend to report as earnable salary.

The maximum amount of converted vacation, sick or personal leave that can be considered earnable salary is limited and depends on the amount the employee earns in one calendar year, less any amounts taken during the calendar year. To be considered earnable salary the leave also must have been earned in the calendar year it was converted.

According to OPERS regulations, employers with Conversion Plans must update them annually with OPERS and can do so by submitting the OPERS Conversion Plan Template.

RECOMMENDATION

Make a motion to adopt Resolution 2026-49, a resolution authorizing the adoption of an annual conversion plan in accordance with Ohio Revised Code Section 145.01 and Ohio Administrative Code 145-1-26, dispensing with the second reading and declaring an emergency.

RESOLUTION 2026-49

The Board of Trustees of Miami Township, Clermont County, Ohio met in regular session at the Miami Township Civic Center on November 9, 2026, with the following members present: Mark Schulte, Ken Tracy and Mary Makley Wolff.

A motion was made to adopt the following Resolution:

RESOLUTION AUTHORIZING THE ADOPTION OF AN ANNUAL CONVERSION PLAN IN ACCORDANCE WITH OHIO REVISED CODE SECTION 145.01 AND OHIO ADMINISTRATIVE CODE 145-1-26, DISPENSING WITH THE SECOND READING AND DECLARING AN EMERGENCY

WHEREAS, the Ohio Public Employment Retirement System allows for an annual conversion plan where employees may convert unused vacation, personal or sick leave into cash.

WHEREAS, the maximum amount of vacation, personal and sick leave that can be considered is the maximum amount an employee earns in one year, less any amounts taken during the calendar year.

WHEREAS, Section 145.01 of the Ohio Revised Code permits the Board of Township Trustees ("Board") to prepare an Annual Conversion Plan, and

WHEREAS, the Board desires to implement a Conversion Plan.

NOW, THEREFORE, BE IT RESOLVED by the Board of Trustees of Miami Township, Clermont County, Ohio by authority pursuant to Section 145.01 of the Ohio Revised Code and Ohio Administrative Code 145-1-26, as follows:

SECTION 1: The Board determines that all employees eligible to accrue vacation, personal and/or sick time will be eligible for conversion leave to cash for leave that is accrued, but not used, during the calendar year, as defined as January 1 to December 31, as part of an

annual conversion plan. These earnings are earnable salary on which employee and employer contributions shall be remitted to OPERS.

SECTION 2: Leave shall be converted on a last in, first out (LIFO) basis. The leave to be considered earnable salary is the leave accrued to date in the current calendar year, less any leave used to date in the same calendar year. For retiring employees, conversion payment must occur according to the plan and either prior to or during the month of their termination date for this earnable salary to be included in the calculation of Final Average Salary.

SECTION 3: The following payments made to employees shall not have retirement contributions withheld as the payments do not meet the definition of earnable salary for OPERS purposes:

- leave in excess of the annual amount of leave accrued January 1 to December 31 less leave used January 1 to time of payment
- leave earned in previous calendar years (other than payments made in January for leave accrued but not used during the previous calendar year)
- conversion of leave to employees separating employment
- conversion of leave to retiring employees outside the regular payment schedule

SECTION 4: Employees receive conversion payments at any time upon request of each year for converted leave. The maximum hours of leave employees may convert in a year is:

- Sick leave (120 hours)
- Vacation leave (240 hours)
- Personal leave (24 hours)

SECTION 5: Leave accrual is as follows:

- Sick leave is accrued at a rate of 10 hours per month and is awarded the first of each month for time accrued the previous month
- Vacation leave is accrued annually and awarded to employees on January 1 of each year based on years of service
- Personal leave is accrued quarterly provided based on little to no sick leave taken by an employee during the previous 120 days

SECTION 6: The Board dispenses with the requirement that this Resolution be read on two separate days, pursuant to Section 504.10 of the Ohio Revised Code, and authorizes the adoption of this Resolution upon its first reading.

SECTION 7: That this Board hereby finds and determines that all formal actions relative to the passage of this Resolution were taken in an open meeting of this Board, and that all deliberations of this Board and of its Committees, if any, which resulted in formal action, were taken in meetings open to the public, in full compliance with applicable legal requirements, including Section 121.22 of the Ohio Revised Code.

SECTION 8: This Resolution shall take effect at the earliest period allowed by law.
